

## Professor Daquan ZHANG

College of Environmental and Chemical Engineering  
Shanghai University of Electric Power  
1851 Huchenghuan Road, Pudong New District  
Shanghai, 201306, China

Dear Prof. Zhang,

I understand that you are planning to attend the European Corrosion Congress 2025 (EUROCORR2025), which will be held at the Siddis Center – Stavanger Forum in Stavanger, Norway, the 7<sup>th</sup> to 11<sup>th</sup> of September 2025.

In connection with this, I would like to take the opportunity to formally invite you to the Department of Structural Engineering at the Norwegian University of Science and Technology (NTNU), Trondheim, Norway, prior to the conference. The proposed visit would take place from the 3<sup>rd</sup> to the 5<sup>th</sup> of September 2025.

During your stay in Trondheim, we hope to engage in discussions on areas of mutual research interest, particularly focusing on corrosion control and hydrogen embrittlement prevention of steel in marine environments. We believe that this exchange will be beneficial in fostering future collaborations between our institutions.

As agreed, the costs of round-trip travel, accommodation, and other related expenses during your visit to Norway will be covered by your home institution, the Shanghai University of Electric Power.

Please feel free to contact me should you have any questions or require further information regarding the visit.

I look forward to welcoming you to Trondheim in September 2025.

Sincerely,

Jianying He, PhD, Professor  
Department of Structural Engineering  
Norwegian University of Science and Technology (NTNU)  
7491 Trondheim Norway
