Dear Professor Fenyu,

INVITATION TO NIGERIA ON A WORKING VISIT

Warm greetings from Nigeria. Following our past interactions and the signing of the Memorandum of Understanding (MOU) between our institutions, it is my distinct honor to invite you and other distinguished members of the Shanghai University of Electric Power (SUEP) to Nigeria on a working visit.

This visit will provide us with the opportunity to further deepen our existing relationship, and explore avenues for more collaboration such as the prospect of new energy in Nigeria.

Other areas for discussion will also include the possibility of establishing special training, joint research activities, and study programmes for staff of the National Power Training Institute of Nigeria and other stakeholders in the electricity value chain in Nigeria.

Please find attached the names of the invited SUEP delegation.

While we look forward to the pleasure of hosting you, please accept the assurance of highest regard.
