# Graduate Admission Brochure

for International Students  
of Shanghai University of Electricity Power

Graduate Programs 2019

Shanghai University of Electric Power (SUEP), founded in 1951, is a full-time institution of higher education, jointly constructed by China's central government and Shanghai Municipal Government. SUEP is a comprehensive university with distinguishing features and advantages in the field of Energy and Electric Power, which also provides professional courses in various fields, including Engineering, Science, Management, Economics, Arts and other disciplines. SUEP offers 20 graduate majors within 6 first-level disciplines, including Power Engineering and Engineering Thermophysics, Electric Engineering, Chemical Engineering and Technology, Physics, Information and Communication Engineering, Control Science and Engineering. SUEP has independently recruited and trained academic master students in 20 first-level and second-level disciplines. Meanwhile, SUEP has independently recruited and trained professional master students in 5 authorized master-degree subjects.

## ● Catalog of Graduate Programs 2019

Shanghai University of Electric Power offers 20 graduate programs. Please refer to the following list of the 20 graduate programs

Engineering thermophysics	electric machines and electric apparatus
Thermal engineering	Electrical system inspection and control
Power machinery and engineering	Electrical theory and new technology
Chemical technology	Smart grid information and communication engineering
Applied chemistry	Economics and management of electric power engineering
Material chemical engineering	Renewable energy science and engineering
Chemical and environmental engineering	Electric power information technology
Electric power system and automation	Control science and engineering
Power electronics and electric drive	Information and communication engineering
High voltage and insulation technology	Physics

## ● Major

Catalog of Graduate Programs 2019

## ● Teaching Language

Chinese or English.

## ● Period of schooling

The normal period of study for graduate program is 2 or 3 years. Students are required to complete the curriculum within 2 to 6 years and fulfill the designated number of credits.

## ● Qualifications

1. Applicants should be over 20 years old and in good health.
2. Applicants must be non-Chinese citizens with a valid passport.
3. Applicants must have a bachelor's degree.

## ● Deadline for Application

On 30<sup>th</sup> June of each year.

## ● Application Materials

1. Application Form for International Students of Shanghai University of Electricity Power.
2. Photocopies of undergraduate certificate and degree certificate. Certificate of expected graduation issued by education in current academic institution (for applicants who will be graduating in the same year only).
3. Original or notarized undergraduate academic transcripts or equivalent.
4. Original recommendation letters from two professors or associate professors (contact information is necessary).
5. A photocopy of passport (all of visa page) and one passport-size photo.
6. 1000 words personal statement in Chinese (Chinese-taught programs) or English (English-taught programs). Study and work experience, academic research achievement, planned research proposal and personal prospect after graduation should be included.
7. The copy of New HSK Band 4 certificate

\*If the certificate and materials are not in Chinese, the original notarized translated versions in Chinese or English must be submitted.

## ● Scholarship

SUEP provides Shanghai government scholarship (SGS) Class B, applicants will enjoy free tuition and comprehensive medical insurance. And our school will provide SUEP scholarships according to different funding standards.

## ● Application Procedure

Send the application materials to [applytostudy@shiep.edu.cn](mailto:applytostudy@shiep.edu.cn) before the deadline. Applicants are encouraged to apply for scholarship of our school, please visit <http://applstudy.shmec.gov.cn/> for detailed information.

## ● First Semester starting date ● Enrollment mode

September of each year (please check the admission letter for the specific registration date).

## ● Accommodation

Please make an appointment in advance (on Application Form for International Students) If you need living accommodation in the school campus

1. For majors that do not need to participate in the entrance examination, candidates will be selected after reviewing the materials submitted by the applicants.
2. The school will inform the applicants admission result by email.
3. The school will send the admission letter in middle of July

## ● Expenses

Major	Tuition fee	Accommodation Fee (Double Room)	Insurance Fee
Liberal Arts	25000 RMB/Year	3500 RMB/Year	800 RMB/Year
Science	29000 RMB/Year	3500 RMB/Year	800 RMB/Year

## ● Insurance

International students are required to purchase the Comprehensive Insurance Plan of Foreign Students provided by Ping An insurance company, which has been recognized and recommended by the Chinese Ministry of Education. Students who do not have valid medical insurance are not allowed to register. The insurance fee is 800RMB/year. Please visit [www.lxbx.net](http://www.lxbx.net) to get detailed information and download related materials.
